

1

IDENTIFY YOUR FAMILY RISK

- What are the hazards where you live or work?
- Find out what natural or human caused disasters pose a risk for you.
- Do you live near a flood plain, an earthquake fault, or in a high fire danger area?
- Are you prepared for an unexpected human-made disaster that can strike any time?
- Does your neighborhood or community have a disaster plan?

Contact your local “Emergency Management Office” for information about your community or you can find out information by plugging your address into the link below:
